

AFFILIATE QUESTIONNAIRE

To Whom It May Concern:

Thank you for the inquiry. We are currently licensing our business in major markets across the country. We may be looking for a qualified licensee in your specific area.

If you are interested in this opportunity, we ask that you fill out this application so we may learn more about you, your level of interest and your qualifications to enter this booming market. We are looking for individuals/consulting companies with experience in sustainable building/remodeling and enough resources to capitalize the new venture.

We are not a school or a mere two-day course with a certificate awarded after a day's experience. Rather, we are a full service, interactive source for complete business plan, marketing and operations to successfully begin and maintain a new company in your area. We are NOT offering franchises, but a licensed business opportunity to become and remain successful where others have fallen short or failed.

The fees and details for the license are based on a number of factors including dedicated area size, sustainable building/remodeling market, demographics and availability.

The license program is one that continues with you and provides information, support and marketing throughout the relationship. A sample of what we provide with the license is on our site under opportunities.

<http://www.ecoconsultingla.com/html/bizop1.html>

If you are still interested, the next step is to fill out our questionnaire so that we may get to know you and your level of interest. Once we receive your information, we will be in touch and look forward to speaking with you. Please follow up if you do not hear from us with in 7 days.

All information is kept confidential. Fill in the form attached and submit it via email, mail or fax it to 310-684-3107.

Sincerely,

Anna Rosemann | *Founder & CEO* | *Sustainable Building Specialist* | *CGBP*
